FABRICS & WALLPAPERS

Colour For Living is a vibrant collection of prints, weaves, embroideries and wallpapers, compiled as seven complete decorating stories arranged in distinctive palettes, each with its own character.

The eleven fabric designs range in scale and style, from large-scale abstract patterns and beautifully engraved inky floral's to small geometric block prints. Completing the scheme are eight wallpapers ranging from co-ordinating to complementary designs, carefully chosen by the studio to feature in the palette that suits them best.

PRIMARY BRIGHT COLOURS

"There is a new confidence in creating an interior scheme in ones home again. Experimenting is made easy with this palette, reminiscent of 20th century Scandinavian textiles." — Liz Cann, Design Director
