ARBORETUM

A hand painted celebration of English woodland interpreted into a fresh botanical scene, this stylised panel is a gorgeous representation of layered trees, intricate flowers and delicate wildlife.

HANGING INSTRUCTIONS

This design is made up of four 300cm high drops of wallpaper, supplied and printed as one continuous roll measuring 68.5cm in width.

The individual drops are indicated by a cut line for ease of hanging.

This wallcovering is printed digitally onto a non-woven base, which is strong and flexible, allowing the wall to be pasted rather than the substrate itself.

The wallcovering can be tailored to room height by removing any excess from the top and / or bottom of each length.

To achieve the best result we recommend the use of a professional decorator experienced in hanging wide width papers.
